

2026 Company Profile

How we do IT

Simplicity | Savings | Sustainability

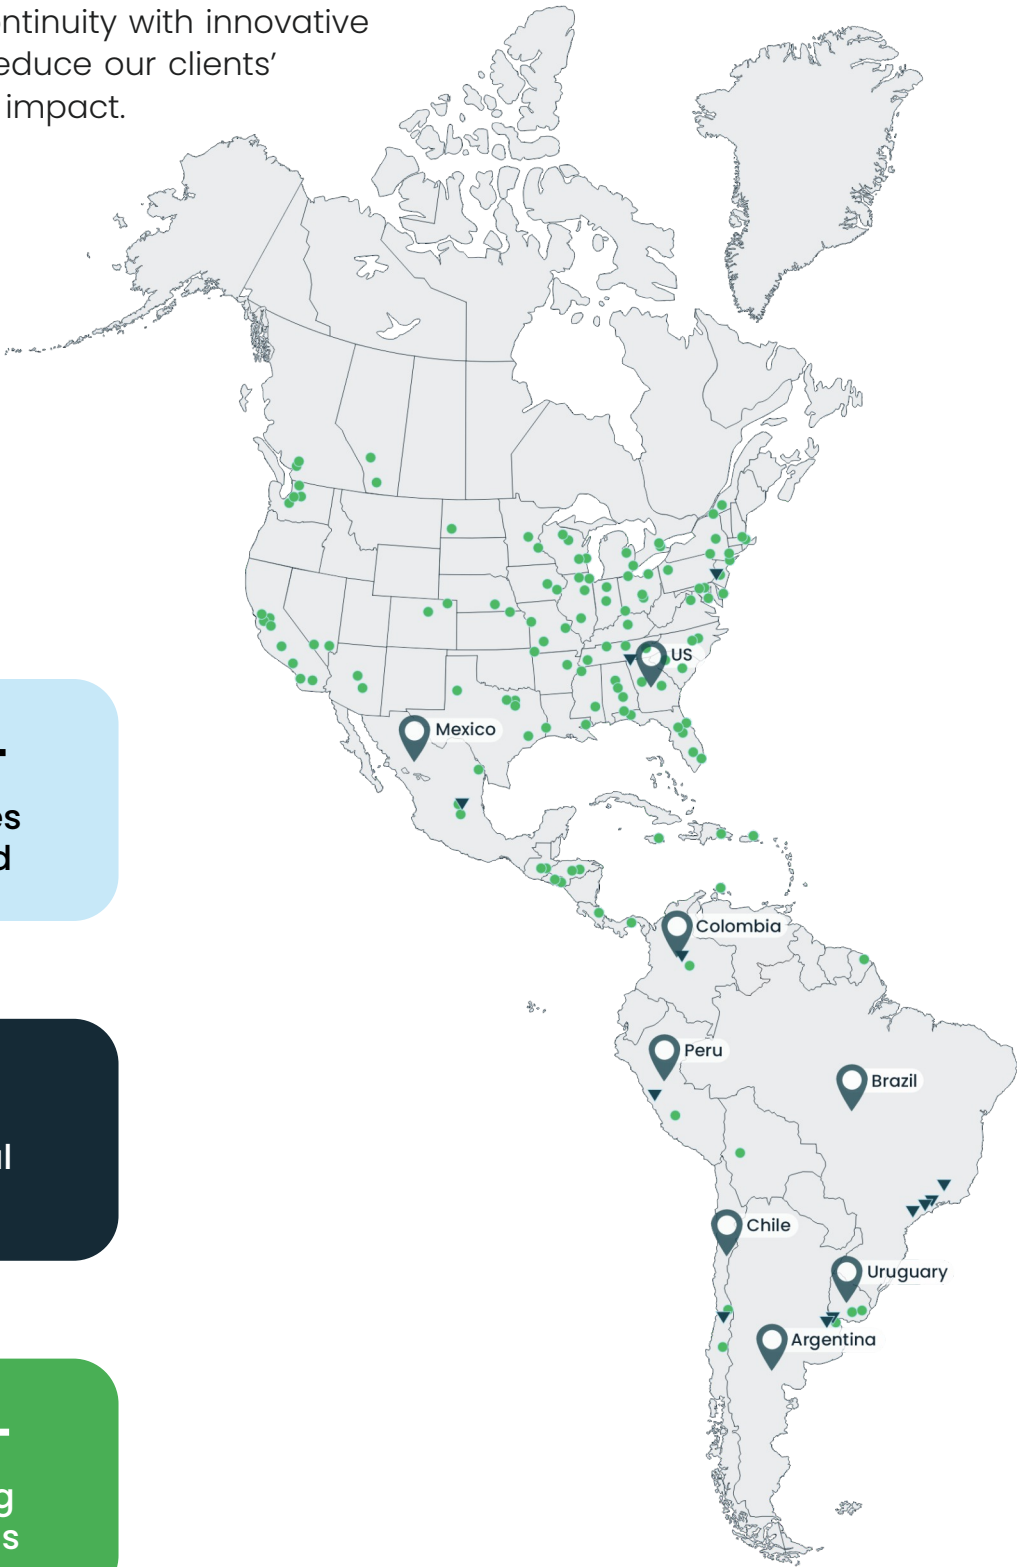

About us ➡

Evernex is a leading global IT life services provider with over 40 years of experience in asset life extension and comprehensive multi-vendor data center maintenance. We transform IT processes to prioritize business growth and continuity with innovative services that reduce our clients' environmental impact.

160+ countries covered

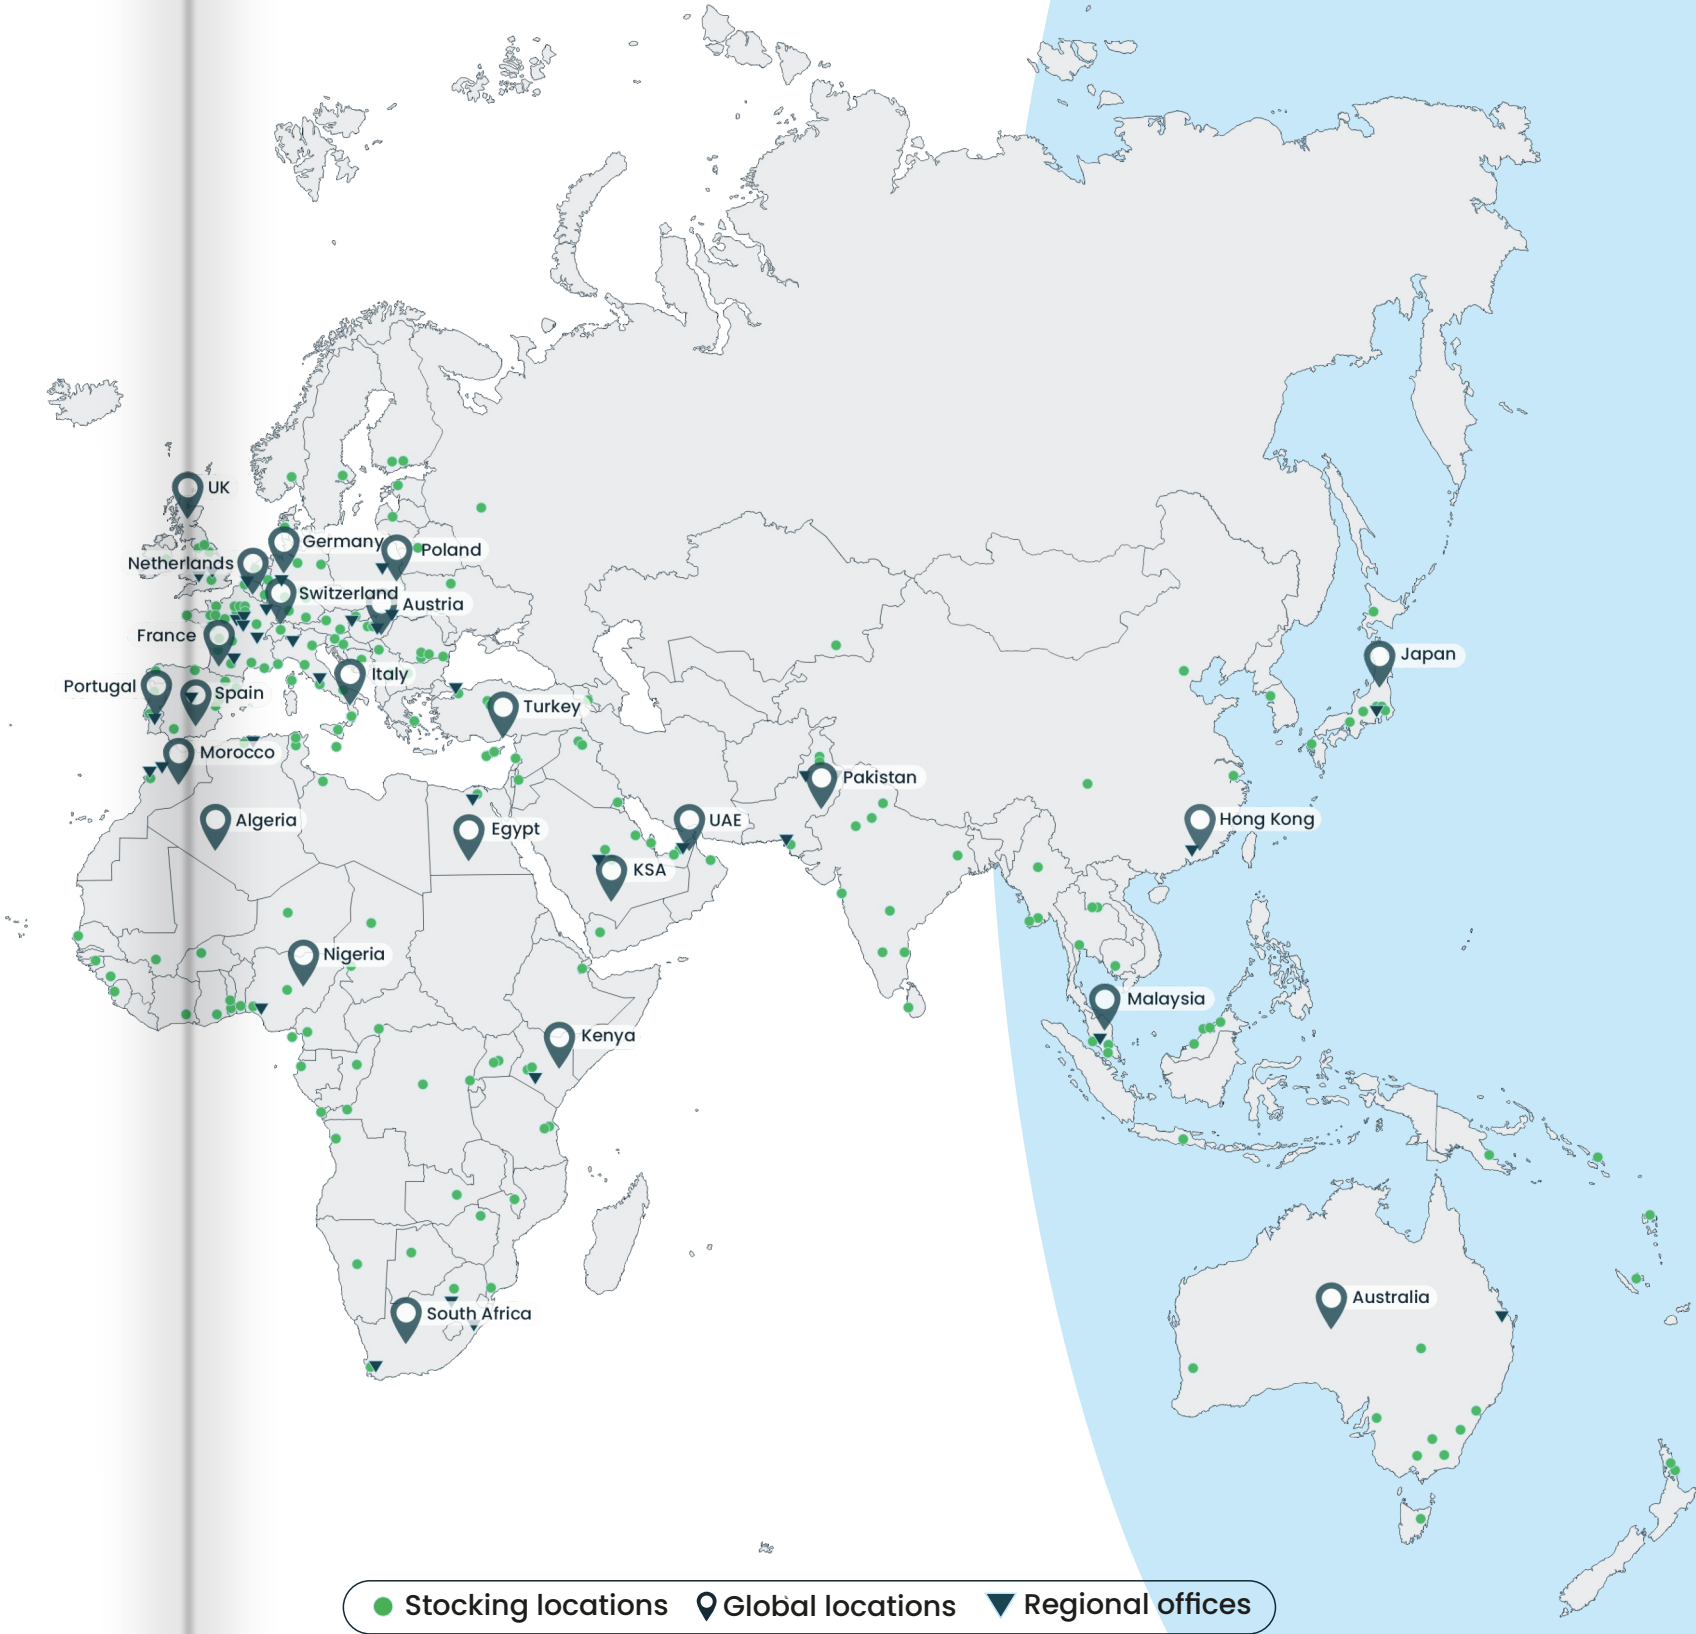

53 regional offices

330+ stocking locations

Majority owned by the 3i Group since 2019

5,600+ clients globally trust Evernex to support their data center infrastructure

Working towards a sustainable IT future ➡

At Evernex, we're committed to a sustainable digital world that benefits society and the environment. Our model is built on finding and providing eco-friendly solutions worldwide, so our customers can manage every aspect of their IT infrastructure with the lowest environmental impact.

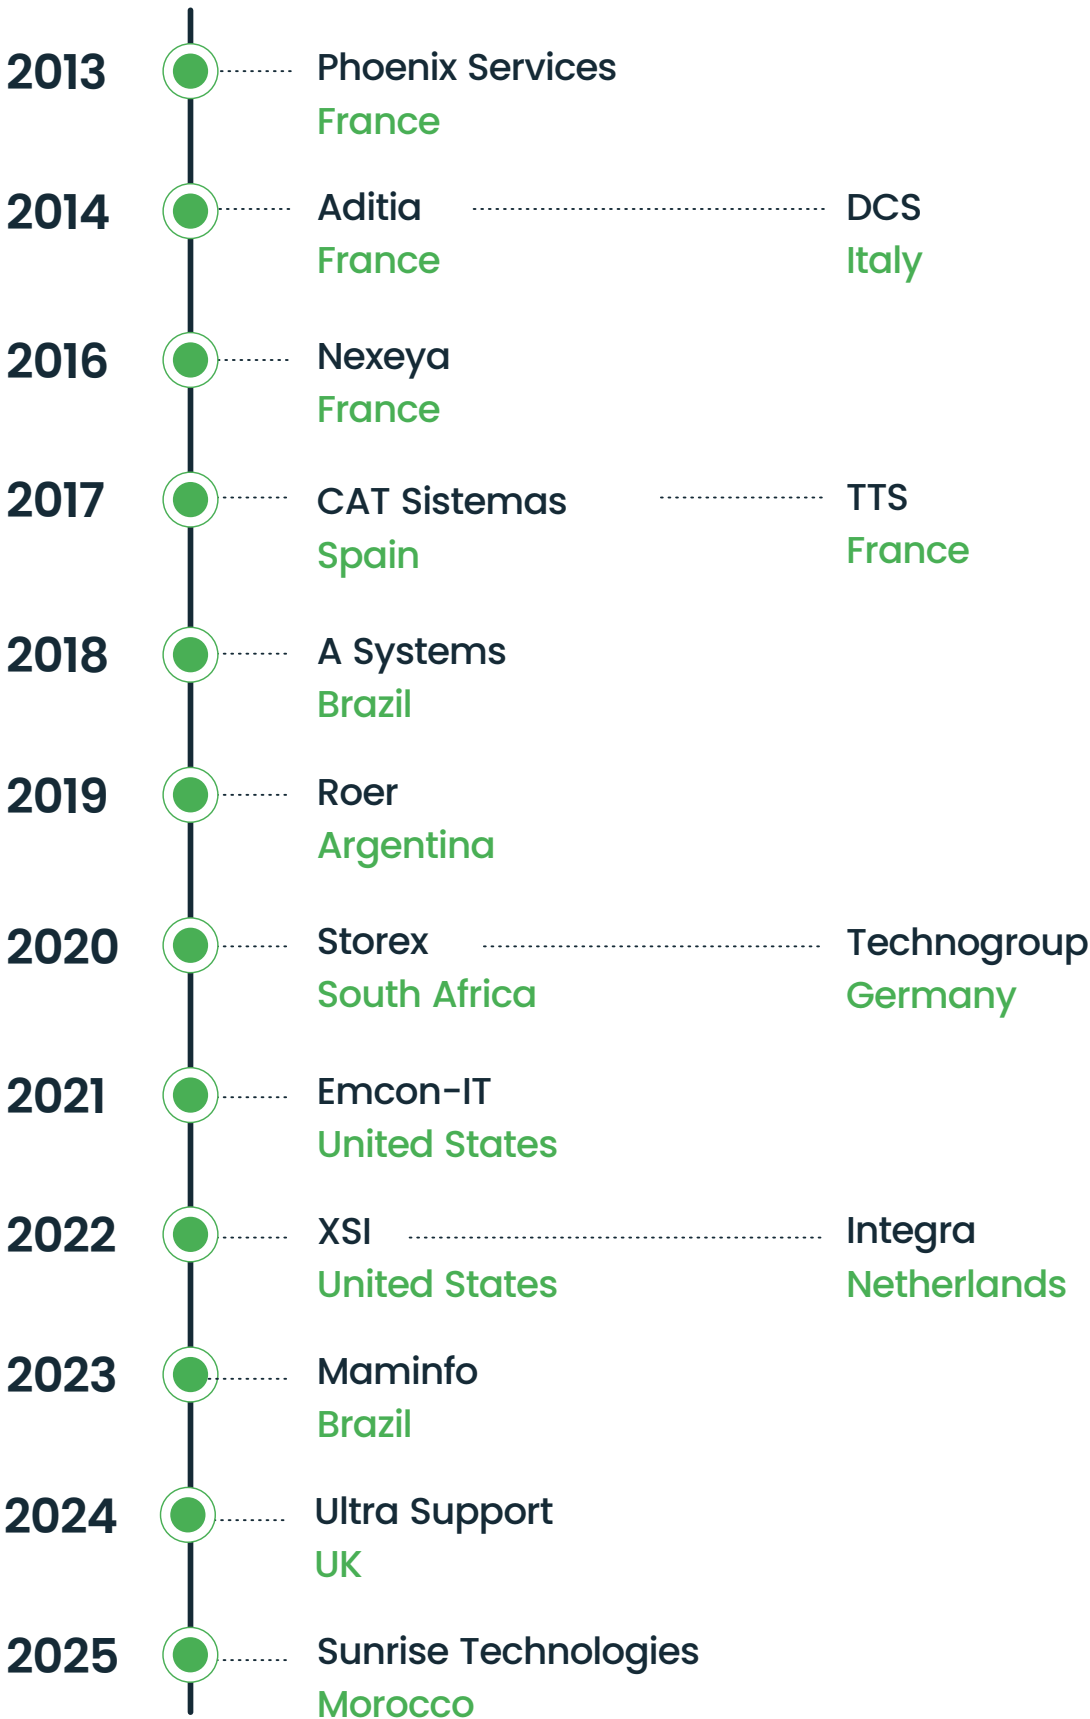

Our mission

Offer best-in-class services to maintain and monitor data center equipment on a global basis.

Fight against programmed obsolescence and for circular IT by extending the life of data center equipment & refurbishing spare parts in a virtuous circle.

Strategic growth with key acquisitions ➡

What we do ➔

Our services

We work with you to extend the life of your server, storage and networking equipment. Our suite of repair, reuse, and recycling IT services provides a smarter, more sustainable way to optimize IT infrastructure and maximize its value.

SUSTAINABLE FINANCING

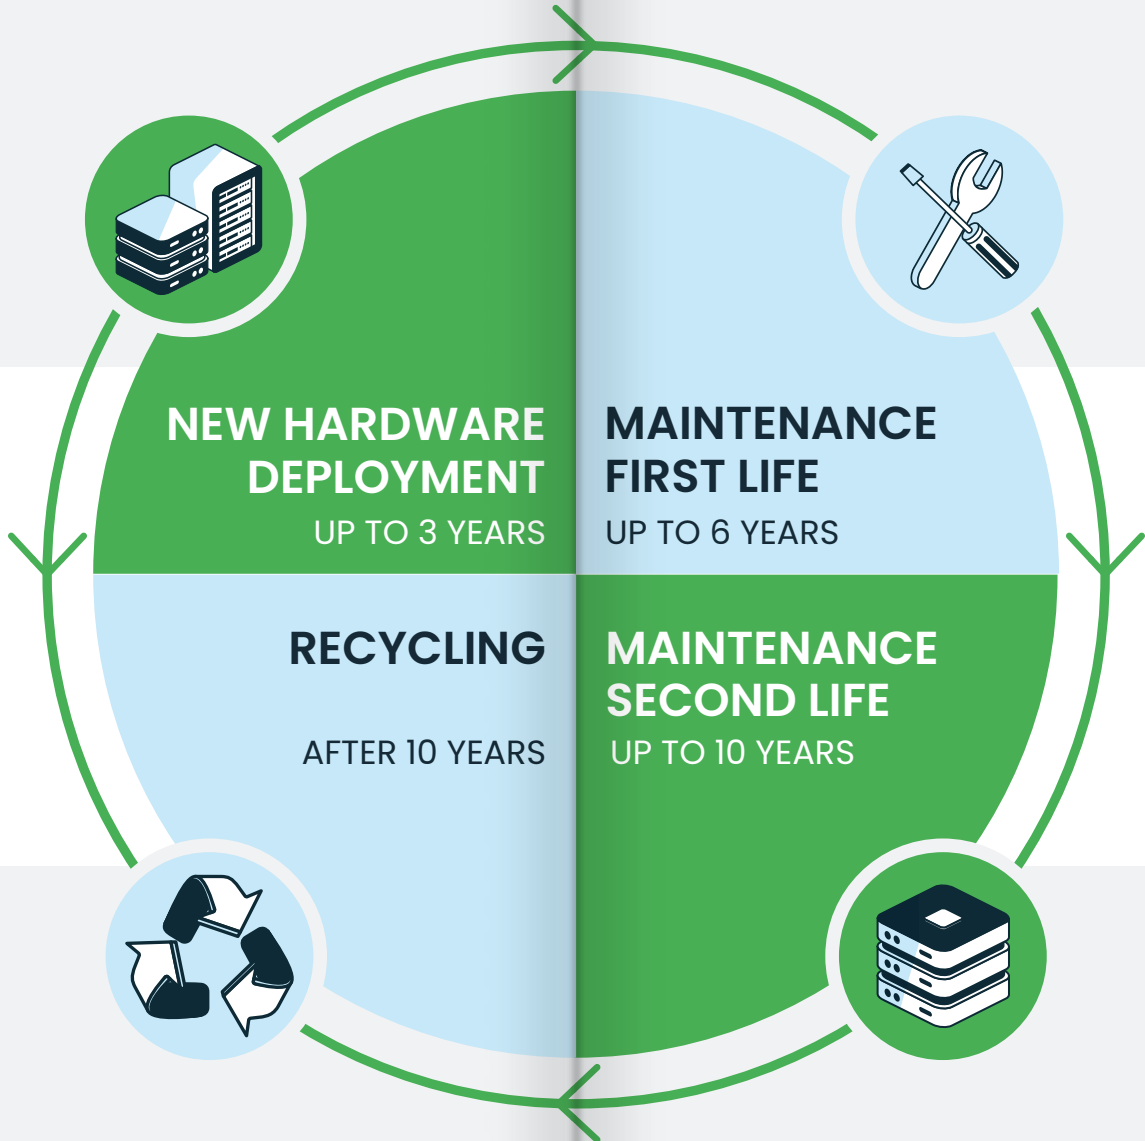

The equipment you require without the CapEx. Hardware, software and service in one flexible contract.

RECYCLING (WEEE)/ IT ASSET DISPOSITION

Protect the environment with Evernex hardware recycling. We take care of the entire process, including collection, disassembling and data destruction.

BUY-BACK PROGRAM

We buy your unwanted hardware and give them a second life.

Multi-vendor support

Our multi-vendor expertise extends to all leading manufacturers. We sell, rent and support industry-leading equipment from a wide array of brands.

THIRD PARTY MAINTENANCE

Extend asset lifespans, including post-warranty and End of Service Life, using customizable SLAs at costs 70% lower than the manufacturer.

SPARE AS A SERVICE™

We sell multi-vendor equipment to deliver savings and sustainability. Our hardware is fully reconditioned, tested, and ready for deployment whenever you need to upgrade or replace.

DATA CENTER IMAC

End-to-end relocation and recommissioning services for IT infrastructure worldwide.

Your go-to for IT infrastructure services worldwide ➡

Grow your business

Stop worrying about IT and start celebrating higher growth in your core business. Evernex provides industry-leading support at costs up to 70% lower.

Increase your sustainability

Decrease your carbon footprint with sustainable IT. Say goodbye to unnecessary e-waste and ephemeral IT and say hello to long-lasting systems.

Your single point of contact

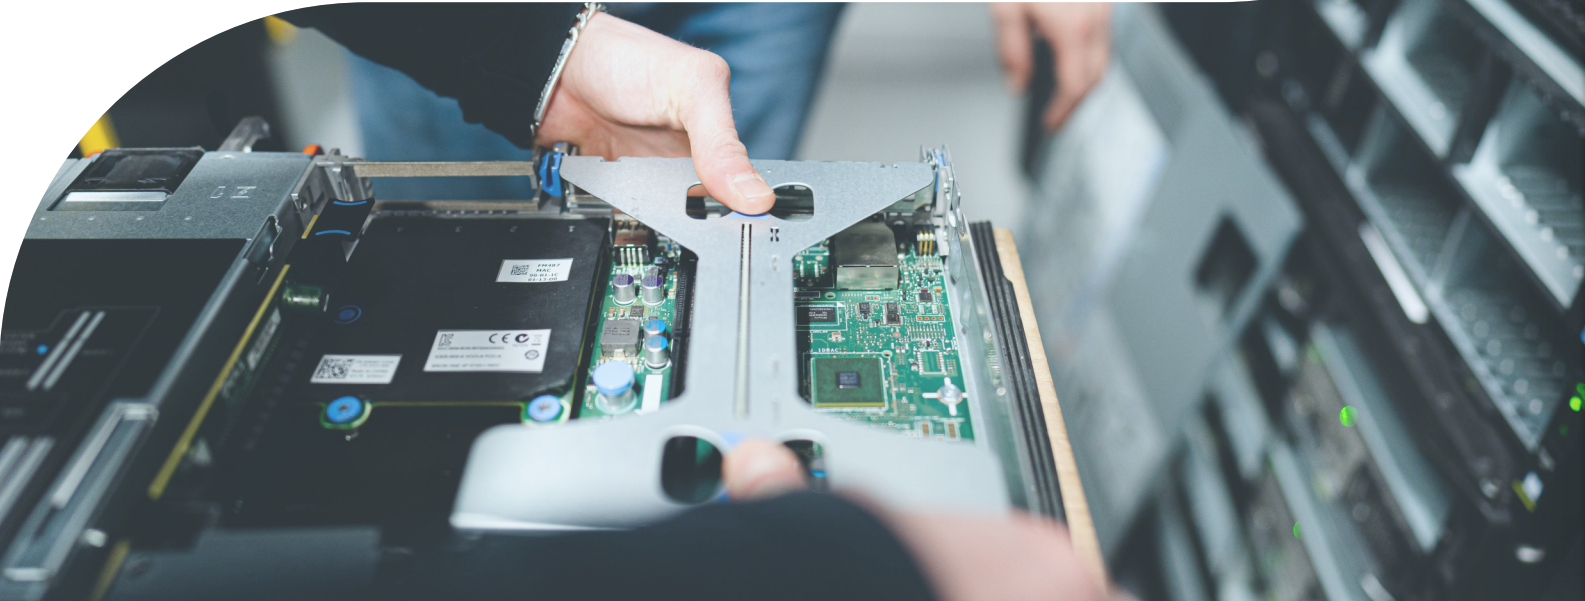

Save time and avoid hassle with a single point of contact for your multi-vendor Third-Party IT Hardware Maintenance.

Improved performance

Stay on the cutting-edge and optimize your IT with our innovative technology and services.

Global coverage

No matter where you are in the world, there's an Evernex location near you. With a footprint in over 160+ countries and over 330+ stocking locations, our service spans across the globe.
